

# President Ronald Reagan—No Hero

***"Who will rise up for me against the evildoers? or who will stand up for me against the workers of iniquity?" —Psalm 94:16***

## **Ronald Reagan Guilty of Treason & War Crimes**

As the mass media engaged in an orgy of adulation for Ronald Reagan in June of 2004, many *thinking* persons were remembering and mourning the deaths of the hundreds of thousands of victims of Ronald Reagan's policies and pondering the lasting damage that the man did not only to the United States but to the world.

During Reagan's reign the United States experienced the beginning of the end of what could have been a great nation. Under Reagan, elements within the government engaged in massive criminal activity that resulted in the deaths of hundreds of thousands of people and the entrenchment of a vicious and evil criminal organization that is now firmly in power of not only the United States but much of the world.

Reagan's crimes are many and started well before he was President when he and Bush paid the Iranian's to not release the hostages in order to prevent the re-election of Jimmy Carter in 1980, not mention his reign of stupidity as Governor of California. The hostages were released as promised as Reagan was sworn into office. Reagan then secretly sold chemical & biological weapons to Iraq and told CIA buddy Saddam Hussein to step up bombing of Iran while still selling weapons to Iran in a war that claimed an estimated one million victims. The criminal activities in the Mid East stretched around the world to Central America in the spectacle that came to be known as Iran-Contra.

In Afghanistan, Reagan was busy funding Osama bin Laden and a terrorist army to displace the Russians. Once the mighty 'Muhjadeen' had completed their task they were partially abandoned and became the Taliban and Al Qaeda. With no real replacement intended for the Russian backed government, the radical Muslims quickly took power. Only later did the army without a war become the enemy so desperately needed by the US defense industry.

In Central America, Reagan-Bush ran a massive criminal operation that imported hundreds of tons of cocaine into the US and shipped arms illegally to the terrorist Contras that Reagan affectionately called "Freedom Fighters". Coca paste was brought in from South America by plane to an airstrip near Puntarenas, Costa Rica owned by Reagan/Bush supporter Julio Calleja and processed on the ranch of CIA operative John Hull. From there the high-grade coke was shipped by plane to the Mina, Arkansas Airport under the protection of Bill Clinton and to various Air Force bases..

Under direct US control, Reagan's 'Freedom Fighters' raped, tortured and murdered tens of thousands of innocent civilians in [Nicaragua](#) in an effort to bring down Nicaragua's first democratically elected government. The US had previously ruled Nicaragua through the brutal Somoza family dictatorship, once the dictatorship was overthrown by a popular revolution the US was quick to start an illegal campaign of terror against the government and civilians. The campaign of terror claimed 50,000 lives and crippled the entire nation.

Nicaragua took its case to the World Court. The court found that the U.S. actions constituted "an unlawful use of force .... [that] cannot be justified either by collective self-defence ... nor by any right of the United States to take counter-measures involving the use of force." The court ordered the United States to pay reparations, estimated at between \$12 billion and \$17 billion, to Nicaragua. Two weeks after the verdict was issued, the U.S. Congress voted to give the Contras \$100 million to continue their war of terror against the people of Nicaragua. The US has never recognized the World Court's ruling or paid any of the compensation owed to Nicaragua.

**"The ripple effects of that criminal murderous intervention in my country will go on for 50 years or more." Fr. D'Escoto, Priest and former Nicaraguan Foreign Minister**

Reagan's blood-fest wasn't limited to Nicaragua, his puppet military dictators abducted, tortured, murdered and mutilated close to 200,000 civilians in Guatemala, El Salvador and Honduras in the name of 'democracy' and fighting communism. Nor was the slaughter done only through the US controlled dictators. In operations that are still highly classified, US [AC-130](#) gunships, crewed by US personnel, flew at night over mountainous areas with potential rebels and killed anything that gave off body-heat. The AC-130 is a highly sophisticated computerized killing machine that "incorporate side-firing weapons integrated with sophisticated sensor, navigation and fire control systems to provide surgical firepower or area saturation during extended loiter

periods, at night and in adverse weather. The sensor suite consists of a television sensor, infrared sensor and radar." - *US Air Force*

**In 1999 the United Nations determined that the wholesale slaughter of Guatemalans, constituted "genocide." It was a genocide ordered and managed by The White House under Reagan.**

For their part in Iran-Contra fourteen high level government officials were charged, yet few of them were convicted and received any real penalty. Bush pardoned six of the conspirators. Some of those involved in the Iran-Contra crimes are now back in power under the current Bush administration.

Despite some environmental concessions to voters while Governor of California, Reagan's real views on the [environment](#) became clear during his Presidential campaign when he claimed that trees caused more air pollution than cars. During his criminal reign of terror he systematically dismantled environmental protection laws and rolled back decades of hard-won progress to protect the Earth and the health of its inhabitants.

To help ensure the rape of the land he appointed lunatic James Watt as Secretary of the Interior who claimed "We don't have to protect the environment, the Second Coming [of Christ] is at hand." It wasn't until Watt was trying to defend his decision to give away more than 1 billion tons of coal from federal lands in Wyoming that he was finally acknowledged for what he was. His defense for the coal giveaway was that he was immune to criticism because members of his coal-advisory panel included "a black ... a woman, two Jews, and a cripple." This comment got finally him fired in 1983.

His appointee for the EPA was the environment molester Anne Gorsuch who tried her best to gut the hard-won Clean Air and Clean Water Acts. Gorsuch's Superfund Director, Rita Lavelle, was jailed for lying to Congress under oath about the corruption in her division. Gorsuch was fired in 1983 when

documents exposed by Congress revealed the corruption and crimes committed by the EPA under her direction.

Much of the activity of the Reagan years can be explained by the fact that Ronnie and Nancy were devout supporters of Satanists. So devout that they insisted the head of the satanic Temple of Set, Colonel [Michael Aquino](#), visit the White House wearing his satanic high-priest robe. With Reagan's support Aquino was able to get Satanism recognized as a protected religious belief in the military. Aquino was investigated by the military as well as the San Francisco Police Dept. when children identified him as head of a "Devil Worship Club" that ritually molested, murdered and cannibalized children. The court document notes that several members of the Army thought there was probable cause to "Title" Aquino with offenses of indecent acts with a child, sodomy, conspiracy, kidnapping, and false swearing - but the case was dismissed under pressure from the highest levels.

Daughter Maureen Reagan was close to [Larry King](#), head of the failed Franklin Community Credit Union, Republican darling and leader of a child abduction, pornography and prostitution ring. Larry King was well known in the 1980's for his lavish parties attended by Republican power-elite. Less well known was the fact that some of his events came with party favors of [child sex-slaves](#). King was involved with the satanic CIA child abduction and mind control program that kidnapped [Johnny Gosch](#) while he was delivering newspapers.

The [June 29, 1989 Washington Times](#) ran an article under the headlines of "Homosexual Prostitution Probe Ensnarers Official of Bush, Reagan," with the kicker "Call Boys Took Midnight Tour of White House." The article said that "A homosexual prostitution ring is under investigation by federal and District authorities and includes among its clients key officials of the Reagan and Bush administrations, military officers, congressional aides and U.S. and foreign businessmen with close ties to Washington's political elite."

When the FBI and Omaha police refused to investigate allegations against King, the Nebraska State Legislature conducted an investigation that uncovered a satanic criminal trail that led to the what longtime CIA Director William Colby called "the highest levels." Fifteen of the people involved in the investigation died under mysterious circumstance, included William Colby - who was acting as a consultant to the investigation. King was ultimately convicted of fraud for his part in the theft of over \$40 million from the credit union and served five years in prison but was never convicted of his more heinous offences.

The Republican party kept King in its innermost circle even after his indictment. He sang the Star Spangled Banner at the Republican National Convention in 1988 while under investigation. It wasn't until his arrest that the Republican party finally turned its back on him.

In 1998 & 1999, a U.S. District Court in Lincoln, Nebraska, heard testimony in the case of Paul A. Bonacci v. Lawrence E. King in which Bonacci charged that he had been ritualistically abused by the defendant, as part of a nationwide pedophile ring linked to powerful political figures in Washington and to elements of the U.S. military and intelligence establishment. [Judge Warren K. Urbom ordered King](#), in Federal prison at the time, to pay \$1 million in damages to

Bonacci, in what Bonacci's attorney John DeCamp said was a clear signal that "the evidence presented was credible."

America's worst financial disaster since the Great Depression occurred under Reagan with the collapse of the Savings & Loan system. Nearly \$500 billion was looted from thousands of Savings & Loans by a criminal ring that included the Mafia, CIA and the Bush family. Neil Bush was involved in the collapse of Silverado Savings & Loan but never served any jail time. By the time the Federal government and elite is done milking the scam further, US taxpayers will have paid well over a trillion dollars.

The full extent of Reagan's crimes may never be known because George W. Bush issued an executive order which countermands the 1978 Presidential Records Act and prevents the release of 68,000 pages of Reagan era documents. Given that Reagan lacked the intelligence to carry out some of the more elaborate crimes, the records are likely to shed light on the true role of the Bush crime family.

Let us remember Reagan as he really was...

- Liar
- Thief
- Mass murderer
- Supporter of abortion
- War criminal
- Traitor of the American people
- Destroyer of freedom
- Destroyer of the environment
- Corporate whore
- Supporter of Satanists and child murderers

While Reagan may have not been entirely aware of what he was doing and how his decisions would impact the world, he was also much more sinister than the media has portrayed him. We can only hope that he gets to meet some of his many victims before joining the other thugs in Hell.

## Homosexual prostitution inquiry ensnares VIPs with Reagan, Bush

**'Call boys' took midnight tour of White House**

A homosexual prostitution ring is under investigation by federal and District authorities and includes among its clients key officials of the Reagan and Bush administrations, military officers, congressional aides and U.S. and foreign businessmen with close social ties to Washington's political elite, documents obtained by The Washington Times reveal.

One of the ring's high-profile clients was so well-connected, in fact, that he could arrange a middle-of-the-night tour of the White House for his friends on Sunday, July 3, of last year. Among the six persons on the extraordinary 1 a.m. tour were two male prostitutes.

Federal authorities, including the Secret Service, are investigating criminal aspects of the ring and have told male prostitutes and their homosexual clients that a grand jury will deliberate over the evidence throughout the summer, The Times learned.

Reporters for this newspaper examined hundreds of credit-card vouchers, drawn on both corporate and personal cards and made payable to the escort service operated by the homosexual ring. Many of the vouchers were run through a so-called "sub-merchant" account of the Chambers Funeral Home by a son of the owner, without the company's knowledge.

Among the client names contained in the vouchers — and identified by prostitutes and escort operators — are government officials, locally based U.S. military officers, businessmen, lawyers, bankers, congressional aides and other professionals.

Editors of The Times said the newspaper would print only the names of those found to be in sensitive government posts or positions of influence. "There is no intention of publishing names or facts about the operation merely for titillation," said Wesley Pruden, managing editor of The Times.

The office of U.S. Attorney Jay B. Stephens, former deputy White House counsel to President Reagan, is coordinating federal aspects of the inquiry but refused to discuss the investigation or grand jury action.

Several former White House colleagues of Mr. Stephens are listed among clients of the homosexual prostitution ring, according to the credit-card records, and those persons have confirmed that the charges were theirs.

Mr. Stephens' office, after first saying it would cooperate with The Times' inquiry, withdrew the offer late yesterday and also declined to say whether Mr. Stephens would recuse himself from the case because of possible conflict of interest.

At least one highly placed Bush administration official and a wealthy businessman who procured homosexual prostitutes from the escort services operated by the ring are cooperating with the investigation, several sources said.

Among clients who charged homosexual prostitute services on major credit cards over the past 18 months are Charles K. Dutcher, former associate director of presidential personnel in the Reagan administration, and Paul R. Balach, Labor Secretary Elizabeth Dole's political personnel liaison to the White House.

In the 1970s, Mr. Dutcher was a congressional aide to former Rep. Robert Bauman, Maryland Republican, who resigned from the House after he admitted having engaged in sexual liaisons with teen-age male

### **Comment from webservant of Jesus-is-Savior.com...**

I realize that many Christians are offended by that little bumper sticker that says *QUESTION AUTHORITY*; but you know, that's the best message I can offer to you today. Stay objective in your thinking!!! We should ask questions of the authority that we financially support, and we have that God-given RIGHT. I know some pastors that have labeled certain church members as "rebels" for merely questioning the pastor's judgment. Folks, that is wrong. If you tithe in ANY church, you have a 100% RIGHT to assertively and respectfully ask questions. If America's churches would QUESTION the Bush Administration concerning the facts of 911, they'd find that *The White House* is adamantly defiant, uncooperative, and deceitful on the entire matter. We have a RIGHT as U.S. citizens to ask questions of authority, and to question the answers they provide to us, especially if we're financially supporting that authority. If you'll turn off the TV and do some research, you'll find that Ronald Reagan was a criminal, who betrayed the American people in numerous ways, violating his oath of office.

Watch Michael Moore's shocking video titled, "Roger And Me," about 30,000 Flint, Michigan, General Motors workers who were laid off in the late 1980's permanently, so their jobs could be sent to Mexico to exploit cheap foreign labor. As California governor, Reagan lifted the ban on Astrology. Reagan was known by close associates as "Rainbow Ronnie" for his homosexuality. He was

also a member of the infamous homosexual satanic club, [BOHEMIAN GROVE!!!](#) First Lady, Nancy Reagan was infamous for having satanic séances at The White House. These are the people who most Christians idolize as heroes! I'm so sick of hearing about President Reagan's economic policies and wisdom, while millions of U.S. citizens were laid off from their manufacturing jobs, and those jobs were relocated to foreign soil under Reagan's watch! It's called DEINDUSTRIALIZATION, and it's what the Globalists (aka, Illuminati) want. We have become a nation of hero worshippers, but we have the wrong heroes.

Kindly, Reagan was no hero! My heroes don't offer human beings in effigy as a mock sacrifice to the fires of Moloch, in the Bohemian Grove woods each year. Literally, witch covens gather outside the gates of Bohemian Grove during the grove meeting each July in California. What do those witches know that you don't? While Christians praise and uplift Ronald Reagan, he's worshipping Moloch at Bohemian Grove. It just shows how woefully ignorant most pastors are (including Independent Fundamental Baptists), because they are effectively illiterate, too busy or too uninterested to READ some of the thousands of available books on the subject. We're having too much FUN and not enough DA MENTAL in our churches. READ some conspiratorial books by Dr. Henry Makow and Cmdr. William Guy Car, WATCH some documentaries by Alex Jones and Michael Ruppert.

During Reagan's Presidency, Colonel Oliver North took the heat for the drug-dealing mess in Mena, Arkansas. North was the fall guy, and they've rewarded him for it since by promoting him through Hollywood. The Central Intelligence Agency (CIA) is behind all of the drug-trafficking. [They murdered Gary Webb](#). The following video ought to ruffle your feathers and make your blood boil. [The Clinton Conspiracy](#) (a 1:41 hour horrid documentary of vile crime, sex, drugs & murder). This was all going on during the Reagan presidency, and Oliver North kept his mouth shut, because he was in over his head in the illegal drug-trafficking from Columbia into the United States through the little Mena airport in Arkansas. One soldier called it "Black Heroine" which he saw on military helicopter. Please watch the preceding documentary. Governor Clinton was repeatedly rushed to the hospital, burned out on cocaine. THE GOVERNOR!!! State troopers, politicians and buddies of the Clintons were sex-partying with whores, cocaine and booze!

You must understand that Bush Sr. headed the ungodly CIA for many years, the private police arm of Wall Street. Yes, it was Wall Street bankers and attorneys who started the CIA during the Harry Truman presidency. What was claimed to be an extension of the Office of the President, in reality because a privatized police force for the Illuminati bankers on Wall Street!!! It is evil beyond comprehension! The CIA in my opinion masterminded and orchestrated the 9/11 World Trade Center attacks in New York. It was the CIA who set up Homeland Security immediately after the 9/11 attacks! Homeland Security is equivalent to the Gestapo or Mossad. The CIA is purported to traffic the illegal drugs into America to fund more CIA cover operations, to fund their organization. Michael Ruppert, who commit suicide not too long ago, believed that the CIA deals in illegal drug trafficking to bolster-up the U.S. stock market on Wall Street, to prevent it from collapsing due to the banks hollowing out the U.S. economy, the devaluing U.S. dollar from inflation (from printing too much funny money), reckless debt-spending, et cetera. Although we can speculate

the reasons, we have proof that it's being done, and it's hurting and destroying our nation, homes, marriages and families.

As Vice President, George H. Bush appointed himself in charge of the entire southern Florida anti-drug task force, which provided the perfect criminal cover to turn Florida into a massive drug empire. The gangster-thug drug cartels became filthy rich. When Bush Sr. moved on to become President, his son Jeb Bush tried to run for Florida governor in 1994 but failed. He eventually won the election in 2002, and drug-trafficking flourished (aka, The Oxycontin Express). This is all information that I've read in books, learned in documentaries, and so forth. Please don't take my word for anything, research the subject for yourself, as I did. Reagan was in over his head with the Mena drug mess and the Bush crime family. Our leaders are committing their crimes in OUR name, and with OUR money; hence, it is OUR business. It is OUR country! It's time for America to wake up! I don't hate anybody, but someone needs to cry "WOLF!" Jeb Bush is running for the office of U.S. President in 2016 (and I think he's already got it). That's scary!

Reagan is suave and likeable. I've even seen him reading quotes from the King James Bible. He's always pictured while dressed in his best clothes, elegantly. Yet, there's a demon in that man. Reagan betrayed American workers, sending millions of our jobs overseas. Reagan's administration gave millions of dollars to further Planned Parenthood's massacre of innocent human life by abortion. I read last week that 92% of all women who walk into a Planned Parenthood clinic end up having an abortion. The only PLAN is to chop, chop, chop and kill, kill, kill (like in a *Friday The 13th* horror movie!!!). I choose life! Your baby chooses life!

## **The Great Reagan Legacy?**

---

Well before September 11, 2001 — on December 4, 1981, to be exact — Presidential Executive Order 12333 was signed by Ronald Reagan. It allowed the FBI, the military, and the CIA to infiltrate and "influence" domestic political groups and organizations, in other words it provided a legal green light for what was previously illegal under COINTELPRO, the program to subvert the constitutional rights of Americans.
